Alpine Tales: Mountain Range

The highest glaciers in the Eastern Alps and the highest mountain in Austria, East Tyrol’s Hohe Tauern Range offers a magical attraction for walking enthusiasts and peak baggers. East Tyrol has been named “Tyrol’s Thousand Peaks” because there are more than 3,300 peaks over 2,500 meters high, with some approaching 4,000 meters. All these mountains enjoy a relatively low degree of accessibility and are either on the Italian or Austrian border. The most popular mountain range in Austria, east Tyrol’s Hohe Tauern Range is a national park and is recognized as a UNESCO World Heritage Site. The mountains are a treasure for the more determined climbers. Since then, various mountain ranges have been explored and the area has become a popular destination for tourists. The Hohe Tauern Range is a natural wonderland with its unique climate and rugged terrain.

Alpine Tales: Taux Alps

Patchkohl’s proximity to Tyrol’s capital Innsbruck is one of the main reasons for being a “Skiwelt” center of the Kittler Olympic Mountain. The ski area is breathtaking and the terrains are excellently varied. Skiers can enjoy the slopes without relying on any other mountainous features that may be found elsewhere. This makes it a perfect destination for beginners and intermediate skiers. The Hohe Tauern Mountains are a treasure for the more adventurous climbers. Since then, various mountain ranges have been explored and the area has become a popular destination for tourists.

Great Tales of Bravery and Conquest

The mountainous area is filled with stories, legends, and characters that have played a significant role in the history of the region. One such story is that of the famous Austrian alpinist Hermann Buhl, who was the first person to climb the Olympic Mountains in 1922. His ascent was a significant achievement and set the stage for future expeditions in the area. The mountain range is dotted with many notable peaks and features, including the Sharkstooth and the Sharkspitze, which are popular among climbers and hikers.

Taux Alps: Taux Alps

The Taux Alps are also known as the “Taurus Mountains” and are famous for their rugged terrain and challenging slopes. The area is known for its beautiful forests and lush greenery, which make it a popular destination for nature lovers. The Taux Alps are home to many diverse species of plants and animals, including rare and endangered species. The area is also a popular destination for bird watching and wildlife photography.

Lechtal Alpen Northern Limestone Alps

Foresten is an old tree, the ridge, which peaks and is the notable feature of its rugged terrain. The Lechtal Alps create a dramatic setting, with stratified sedimentary rocks and limestone formations that are known for their unique and interesting geological features. The Lechtal Alps are characterized by their rugged terrain, steep cliffs, and narrow gorges, which make them a popular destination for hikers and climbers.

Hohe Tauern Austrian Central Alps

The biggest glaciers in the Eastern Alps and the highest mountain in Austria, East Tyrol’s Hohe Tauern Range offers a magical attraction for walking enthusiasts and peak baggers. East Tyrol has been named “Tyrol’s Thousand Peaks” because there are more than 3,300 peaks over 2,500 meters high, with some approaching 4,000 meters. All these mountains enjoy a relatively low degree of accessibility and are either on the Italian or Austrian border. The most popular mountain range in Austria, east Tyrol’s Hohe Tauern Range is a national park and is recognized as a UNESCO World Heritage Site. The mountains are a treasure for the more determined climbers. Since then, various mountain ranges have been explored and the area has become a popular destination for tourists.

Alpine Tales: Lechtal Alps

In 1869, the historic Villach Railway Station was the site of the first railroad station in Austria. The station was a symbol of the region’s industrial development and played a significant role in the growth of the town. Today, the station has been transformed into a popular tourist attraction, offering visitors a glimpse into the history of rail travel in Europe.

Baggage Transport Service for Long-Distance Hikes

For stages 1-7 of the Eagle Walk the taxi company Taxi Royal offers a baggage transport service. The same service is also offered by Taxi Service Schmid for certain stages (8-24) of the Eagle Walk in the Tiroler Oberland region. Unfortunately, not all sites are able to offer this option because there is no reliable public transport network. At every trailhead a public transport card is available.

Take a Walk along the Eagle’s Wings!

Enjoy an eagle’s perspective of Tyrol’s famous beautiful Alpine scenery. On the eagle’s back, the natural beauty of the Alps is evident. The view is wide, from steep peaks to rolling meadows, and the stunning scenery is accentuated by the blue sky. The view is breathtaking, and the feeling of being one with nature is invigorating. It’s a truly unforgettable experience, and one that should not be missed.
